ICC Software is an SBA 8a/SDB certified company, and our aim is simple: to develop innovative software and security products that are comprehensive, customizable and user-friendly. ICC has delivered security solutions and consulted with Fortune 500 companies and Government agencies, such as ABN-AMRO Bank, CSX/Horizon Lines Shipping, DOD, ARMY, Air Force, the United States Marine Corps and the Department of the Navy.

Most recently ICC delivered a complete CCTV, Fiber Optics, and IDS solution to Robert Gray & Hood Army Airfields at Ft. Hood TX. As a result, ICC is now in the process of delivering a complete ACP-Access Control Point Security solution for Ft. Hood, as well as a multi-year Monaco Force Protection and IDS maintenance solution for Dyess AFB, located in Abilene TX.

Our products and solutions have been developed to accommodate any Commercial or Government entity, and which allows us to offer a wide variety of services.

Our Services

- CCTV
- BMS, Motion Detection
- Security Consulting
- Mobile Identification Systems
- Mass Notification Systems

Central Monitoring Solutions

IR Dome Camera Solutions

Infrared Day/Night Cameras

Security Systems, CCTV, Fire Detection

- Whether your needs call for infrared, dome, IP or outdoor CCTV systems ICC Software can deliver and install the right solution for your needs.
- Assemblies & Installation Services:
 Fiber Optics, CAT 5/6, Fire, and Custom Cabling
 Network/Internet Configuration

Mobile Fingerprint Systems

- A simple badge or photo ID may not be enough to verify identification anymore. Identity Check is a standalone fingerprint identity verification solution that operates on a notebook, desktop, or handheld computer. Now you can take your identification system with you wherever you need it.

Mobile Surveillance Systems

IP Cameras

- Monitor zone dispatch sectors with ease from your vehicle or while walking your rounds. Now you can remove the restriction of only stationary monitoring because with Remote Vue you can take the surveillance with you.

Dash Mounted System

Handheld Device

Access Control Systems

Access Control & Intrusion Detection Systems

- Easily control access to your secure areas with a smartcard, fingerprint, or facial recognition solution. ICC Software has a solution for your access control requirements.

For pricing and more information please call 214-227-9559 or send an email to ajohn@iccsoftware.net. Discounts are available to Government entities.
